SUMMARY

Highly skilled React Frontend Developer with experience in building and maintaining responsive web applications. Proven ability to collaborate effectively, optimize performance, and contribute to open-source projects. Passionate about staying current with advancements in front-end technologies.

WORK EXPERIENCE

Software Engineer | Technoshrine Infosolutions
December 2024 - June 2025

- Working as a Network Test Engineer, collaborating with Vi India at their Delhi and Punjab locations, ensuring seamless communication by troubleshooting network challenges and supporting infrastructure improvements, ensuring reliable connectivity for users

Open-Source Developer | Meshery.io (Layer5 Community) (Remote)
July 2023 - September 2023

- Contributed to front-end improvements and user experience for meshery.io.
- Collaborated on a key community page, implementing smooth integration and functionality.
- Fixed a critical issue in the dark/white mode feature, enhancing icon visibility and overall UI.
- Actively engaged with the community, participating in discussions and supporting fellow contributors.

PROJECTS

Weather Forecasting Website | Wizarding Weather
April 2024

- Developed a dynamic weather website that displays user location weather and allows searching for other locations.
- Implemented Geolocation API and OpenWeather API to fetch and display weather data with visuals.
- Designed and styled a responsive user interface with HTML and CSS.

House Price Prediction | Samsung Innovation Campus
February 2023

- Built a web application using Python/Django (backend) and HTML/CSS/JavaScript (frontend) for house price prediction in Bangalore.
- Utilized machine learning models to analyze features and provide accurate price estimates.

TECHNICAL SKILLS

- Programming Languages: JavaScript, Python
- Frontend Development: React.js, Next.js, HTML, CSS, JSX, Tailwind CSS, Bootstrap
- Backend Development: MongoDB, NoSQL
- State Management: Redux, Context API
- Version Control: Git, GitHub
- APIs: RESTful APIs, JSON
- Responsive Design: CSS Flexbox, Grid, Media Queries
- Collaboration Tools: Microsoft Outlook, Slack

EDUCATION

Raajdhani Engineering College (BPUT)
B.Tech in Computer Science and Engineering | 2019 - 2023

- Achieved Percentage: 80.4% (8.5 CGPA)
- Organized and coordinated college functions and events
